Subject: Anadarko Petroleum Corporation FOIA Exempt Information RE: FOIA 2018-001886

Alan,

In addition to the claims specified in my email of yesterday (below), Anadarko has identified information contained in 40 CFR Part 60 Subpart OOOOa Annual Reports and Semi-annual LDAR Monitoring Reports that Anadarko asserts is subject to the FOIA exemptions under 5 U.S.C. 552(b)(4) and (9). Such information is commercial information and geological or geophysical information concerning wells.

FOIA Exempt Information found in these reports includes, but is not necessarily limited to:

- Names of company persons certifying reports, submitting reports, performing monitoring or otherwise identified in the reports- all commercial information.

- Brand or make identification of equipment (i.e. FLIR) - commercial information.

- In Well Completion information - flowback, recovery and combustion information is commercial and geophysical information.

- In Well Log Event information - latitude and longitude information and "event descriptions" - are geophysical and commercial information.

- In LDAR reports - inspector's name, leak description, equipment counts, # of total equipment monitored, process unit identification and number, and tag numbers are all commercial information.

- Details about deviations identified in the reports - commercial information.

We would be happy to provide redacted documents that reflect these assertions.

Thank you for your time and consideration of these points. I am available at your convenience to discuss this matter further.

Best Regards,

Julia A. Jones, J.D./M.S.E.S.

Subject: Anadarko Petroleum Corporation CBI Claim for Compliance Records Submitted Under the New Source Performance Standard (NSPS) for Oil and Gas (NSPS 0000a) RE: FOIA 2018-001886

Importance: High

Alan,

Anadarko Petroleum Corporation, and all of its affiliates and subsidiaries including but not limited to Kerr-McGee Oil & Gas Onshore LP, Anadarko E&P Onshore LLC, Delaware Basin Midstream, LLC, WGR Asset Holding Company, LLC, are asserting CBI (and FOIA exemption under 5 U.S.C. 552(b)(4) and (9)) for all reports, in whole or in part, that have been submitted to EPA pursuant one or more of the provisions §§60.5422a(b), 60.5422a(a), 60.5420a(b), or 60.5423a(b). However, we are not able to provide you with a privilege log and redacted documents by this Friday. We therefore are asserting this broad claim as stated herein now within the 3 days allotted window, and then request that EPA allow for Anadarko to provide to you more information next week pertaining to exact documents and exact sections.

I would greatly appreciate a response for purposes of record and moving forward with more detailed information.

Thank you.

Best Regards,

Julia A. Jones, J.D./M.S.E.S.

Subject: Do You Assert CBI Claim for Compliance Records Submitted Under the New Source Performance Standard (NSPS) for Oil and Gas (NSPS 0000a)? RE: FOIA 2018-001886

Importance: High

The U.S. Environmental Protection Agency has received a request under the Freedom of Information Act (FOIA) for records containing information related to certain compliance records submitted to the EPA under the New Source Performance Standard (NSPS) for Oil

and Gas (NSPS 0000a) . This FOIA request is attached. The records requested include results of performance tests, initial semiannual reports for gas plants, semiannual reports for gas plants, annual reports and annual reports of excess emissions for sweetening units.

We believe you may have made a submittal under one or more of the provisions §§60.5422a(b), 60.5422a(a), 60.5420a(b), or 60.5423a(b).

By your response to this email, please indicate whether you wish to assert a confidential business information (CBI) claim with respect to any portion of report submitted under §§60.5422a(b), 60.5422a(a), 60.5420a(b), or 60.5423a(b) or any addendum, update or

attachment to report, that your company has submitted to EPA.

If you decide to assert such a claim the EPA will temporarily treat the reports that you identify, and its updates, attachments and addenda, as confidential pending further investigation by the EPA. Please be advised that as part of such further investigation EPA is likely

to request (in a subsequent communication) that you substantiate any CBI claim. If you do not assert a timely CBI claim (see below) with respect to any portion of a report or its addenda, updates or attachments, as described above, those records may be released to the

requestor without further notice if EPA determines that the records are responsive to the FOIA request.

If you decide NOT to assert a CBI claim, please respond to this email and indicate your desire not to assert any CBI claims.

You have been identified by EPA as the responsible corporate official, under the FOIA regulations in 5 U.S.C. §552. Any CBI claim your company wishes to assert must be brought to the EPA's attention (by response to this email) no later than the close of business on the

ED_004016_00078311-00006

third working day from the date of this receipt by the responsible official (not including weekends). If you have any questions regarding this matter, please contact Region 8 FOIA Officer Mr. Alan Engels at either Engels.alan@epa.gov or (303) 312-6306.
